Notes

1.The 'Investment Details' section gives an overall status of the total contribution processed under the account and the returns accrued

2.'Notional Gain / Loss' indicates the overall gain or loss after factoring for the withdrawals processed in the account.

3.Returns based on Inflows' gives the annualized effective compounded return rate in PRAN account and is calculated using the formula of XIRR. The calculation is done considering all the contribution / redemptions processed in PRAN account since inception and the latest valuation of the investments. The transactions are sorted based on the NAV date.
